## **INDEPENDENT AUDITORS' REPORT**

To the Bishop and Trustees:  
Diocese of Southern Ohio, ECSF and Gabriel's Place:

### **Report on the Combined Financial Statements**

We have audited the accompanying combined financial statements of Diocese of Southern Ohio (a not-for-profit organization), ECSF (a not-for-profit organization) and Gabriel's Place (a not-for-profit organization) which comprises the combined statements of financial position as of December 31, 2013 and 2012, and the related combined statements of activities and cash flows for the years then ended, and the related notes to the combined financial statements.

### **Management's Responsibility for the Combined Financial Statements**

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Diocese of Southern Ohio, ECSF and Gabriel's Place as of December 31, 2013 and 2012, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

The accompanying supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. ## **1. ORGANIZATION:**

The Diocese of Southern Ohio (Diocese) is the Episcopal Church Headquarters for seventy-seven congregations in Southern Ohio. The congregations' financial activities are not included in the accompanying combined financial statements.

ECSF is a foundation that supports Episcopal Church congregations in Southern Ohio in their volunteer response to community needs for educational, poverty relief, trauma counseling, and other social services.

Gabriel's Place is incorporated in the State of Ohio as a charitable corporation and is exempt from federal, state and local income taxes. The mission of Gabriel's Place is to provide a safe, beautiful and spiritually nourishing place for the Avondale Community. Gabriel's Place received their IRS tax determination of 501(c)(3) status in August 2012. The Diocese has a controlling interest in the Gabriel's Place board.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

### **Basis of presentation**

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Diocese and changes therein are classified and reported as follows:

Unrestricted net assets – net assets are not subject to donor-imposed stipulations.

Temporarily restricted net assets – net assets are subject to donor-imposed stipulations that will likely be met either by actions of the Diocese and/or the passage of time.

Permanently restricted net assets – net assets are subject to donor-imposed stipulations that require the assets be maintained permanently by the Diocese. Generally, the donors of these assets permit the Diocese to use all or part of the income earned on related investments for general or specific purposes.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Contributions in which the donor-imposed restrictions were met within the same period are recorded in unrestricted net assets. All expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Investment income in which the donor-imposed restrictions were met within the same period are recorded in unrestricted net assets.

### **Principles of combination**

These financial statements are the result of the combination of the operations of the Episcopal Diocese of Southern Ohio (the Diocese), ECSF and Gabriel's Place. All intercompany transactions are eliminated upon combination.

### **Investments**

Investments in marketable securities with readily determinable fair values and all investments in debt securities and alternative investments are valued at their fair values in the statement of financial position. Unrealized appreciation (depreciation) on investments is included in the statement of activities.

### **Property and equipment**

Property and equipment are stated at cost as of the date of acquisition or fair value as of the date of donation in the case of gifts. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis. Estimated useful lives are as follows:

Buildings	20 - 31.5 years
Building and leasehold improvements	15 years
Equipment, furniture and fixtures	3 -10 years

### **Use of estimates**

Management of the Diocese has made estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities, as well as the reported amounts of revenue and expenses, to prepare these financial statements in conformity with generally accepted accounting principles. Actual results could differ from those estimates.

### **Cash equivalents**

Cash equivalents consist primarily of investments in money market funds. At times, cash and money market balances may be in excess of the insurance coverage provided by the Federal Deposit Insurance Corporation. The Diocese has not experienced any losses in such accounts. The Diocese believes it is not exposed to any significant credit risk on cash.

### **Allowance for doubtful accounts**

The Diocese carries its accounts receivable and notes receivable at cost less an allowance for doubtful accounts. Included in notes receivable are mortgages on churches due from the church congregations. On a periodic basis, the Diocese evaluates its accounts receivable and notes receivable and establishes an allowance for doubtful accounts, based on a history of past write-offs and collections and current credit conditions. An allowance for notes receivable of \$1,907,670 and \$1,971,897 existed at December 31, 2013 and 2012. At December 31, 2012, there was a \$5,000 allowance for accounts receivable.

### **Grants payable**

Grants payable are approved for payment and are scheduled to be disbursed the next fiscal year.

### **Subsequent events**

The Diocese evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through July 10, 2014, the date on which the financial statements were available to be issued.

### **Income taxes**

The Episcopal Diocese of Southern Ohio, ECSF and Gabriel's Place are exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code (Code) as charitable organizations. The Diocese and ECSF are not required to file returns with the IRS under a religious exception.

The Financial Accounting Standards Board ("FASB") has issued guidance which clarifies generally accepted accounting principles for recognition, measurement, presentation and disclosure relating to uncertain tax positions. This guidance clarifies the accounting and recognition for income tax positions taken or expected to be taken in the organizations' income tax returns. The Diocese and ECSF are not

required to file an annual information return due to their religious origins but are subject to tax on any unrelated business income. Beginning in 2012, the Diocese was subject to unrelated business income tax regulations on a portion of its income. The Diocese has determined that no liability for unrelated business income tax exists as of December 31, 2013 and 2012. The Diocese and Gabriel's Place's income tax filings are subject to audit by various taxing authorities. The Diocese and Gabriel's Place's first year of filing with the IRS was for the year ended 2012. The Diocese and Gabriel's Place's policy with regards to interest and penalties is to recognize interest through interest expense and penalties through other expense. In evaluating the Diocese and Gabriel's Place's tax provision and tax exempt status, interpretations and tax planning strategies were considered. The Diocese, ECSF and Gabriel's Place believe their estimates are appropriate based on the current facts and circumstances.

**Reclassifications**

Certain items from 2012 have been reclassified to conform to current year presentation.

The Diocese leases office equipment for the offices and an automobile for the Diocesan Bishop. The leases expire on various dates through 2016. Total rent expense was \$8,733 and \$11,357 in 2013 and 2012, respectively. The required minimum future rental payments for the operating leases are as follows:

2014	\$ 8,733
2015	3,816
2016	<u>3,369</u>
Total minimum future lease payments	<u>\$ 15,918</u>

**8. NOTE PAYABLE – BANK:**

During 2013, the Diocese entered into a note payable with a bank in the amount of \$1,579,546, requiring interest only payments. The note payable bears interest at LIBOR plus 1.75% (1.92% at December 31, 2013) and is due in January 2015. The note payable is collateralized by a building. As of December 31, 2013, the amount outstanding under this note payable was \$1,579,546.

**9. NET ASSETS:**

Temporarily restricted net assets as of December 31, 2013 and 2012 of \$229,283 and \$325,837 respectively, are primarily available for the purposes of capital improvements and property maintenance, and congregational development.

Permanently restricted net assets consist of the following as of December 31:

	<u>2013</u>	<u>2012</u>
Endowment funds	\$ 34,325,363	34,325,363
Trust funds held by others	758,317	758,317
Donor restricted loan funds	<u>628,684</u>	<u>628,684</u>
	<u>\$ 35,712,364</u>	<u>35,712,364</u>

The income from the endowment investments is primarily available for relief to the needy, missionary work and operations of the Diocese.

**10. ENDOWMENT AND QUASI-ENDOWMENT FUNDS:**

Generally accepted accounting principles require that the net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments (quasi-endowments), are classified and reported based on the existence or absence of donor-imposed restrictions. The Diocese's endowments and quasi-endowments fund consists of the funds established to provide income to operations, and consists of both donor-restricted (endowment) and board-designated funds.

The Diocese has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Diocese classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Diocese in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Diocese considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Diocese and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Diocese
7. The investment policies of the Diocese

The Diocese classifies the unappropriated portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets as unrestricted when donor stipulations have been satisfied through expenditures from other Diocesan resources.

Endowment and quasi-endowments fund net asset composition by type of fund is as follows at December 31, 2013:

	<u>Unrestricted</u>	Permanently <u>Restricted</u>	<u>Total</u>

**Return objectives and risk parameters**

The Diocese has adopted investment and spending policies for endowment assets that attempt to provide long-term portfolio growth and the desired annual payout as specified in the applicable spending policy. Under this policy as approved by the Board of Trustees, the endowment assets are invested as follows:

Equity	60% to 80%
Fixed Income	20% to 40%
Cash Equivalents	0% to 10%

The performance objectives will be measured against appropriate industry benchmarks such as the S&P 500, Russell Mid Cap, Russell 2000 and MSCI EAFE for equities and benchmarked by the Barclays

Capital Aggregate Bond Index for its fixed income endowment investments.

**Strategies employed for achieving objectives**

To satisfy its long-term rate-of-return objectives, the Diocese relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Diocese targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

**Spending policy and how the investment objectives relate to spending policy**

The Diocese has a policy of appropriating for distribution up to 4.75% of its endowment funds' average fair value over the prior 12 quarters through the December 31 fiscal year in which the distribution is planned. In establishing this policy, the Diocese considered the long-term expected return on its endowment. Accordingly, this spending policy should, over time, protect the inflation-adjusted value of the endowment and, consequently, allow inflation-adjusted spending to occur into the distant future. This is consistent with the Diocese's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

**11. EMPLOYEE BENEFIT PLANS:**

The Diocese contributed \$217,739 and \$193,962 during the years ended December 31, 2013 and 2012, respectively, to multi-employer defined benefit plans. All clergy and lay employees of the Diocese are covered by multi-employer defined benefit plans. These plans are not administered by the Diocese. The plans are provided by the Church Pension Group. These plans require Diocese contributions equal to 18% of cash compensation for clergy and 9% of cash compensation for lay employees. During 2011, the plans were amended to include supplemental health insurance options for certain retired personnel. The Diocese may be liable, in the event of plan terminations or its withdrawal from the plans, for a portion of the plans' unfunded vested benefits. Currently there is no unfunded withdrawal liability nor does the Diocese have any present intentions to withdraw from the plans.

Information on the Diocese specific plan is detailed below.

<u>Fund name</u>	<u>Clergy Pension Plan</u>	<u>Episcopal Church Lay Employees' Retirement Plan</u>

The pension protection act certified zone status was not available for the plans. The following table represents the plan assets, accumulated benefit obligations and funded status as of March 31, 2013 (the most recent information available):

<u>March 31, 2013 (in thousands)</u>	<u>Clergy Pension Plan</u>	<u>Episcopal Church Lay Employees' Retirement Plan</u>

**12. POSTRETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS:**

The Diocese provides certain health care and life insurance benefits for retired lay employees based on the number of years of service rendered. Lay employees will become eligible for those benefits if they reach retirement while employed in or by the Diocese. The Diocese funds these benefits on a current basis which totaled \$46,050 and \$258,233 in 2013 and 2012, respectively.

Postretirement benefit expense was \$256,760 and \$331,822 in 2013 and 2012, respectively. The components of this expense were:

	<u>2013</u>	<u>2012</u>
Service cost of benefits earned	\$ 278,355	322,587
Interest cost on liability	155,457	170,099
Net amortization and deferral of actuarial gain	<u>(177,052)</u>	<u>(160,864)</u>
Net periodic postretirement (benefit) expense	\$ <u>256,760</u>	<u>331,822</u>

The accumulated postretirement benefit obligation is as follows at December 31:

	<u>2013</u>	<u>2012</u>
Retirees	\$ 695,001	1,097,486
Fully eligible active plan participants	449,386	842,705
Ineligible active plan participants	<u>1,197,671</u>	<u>1,556,311</u>
Postretirement benefits accrued other than pensions	<u>\$ 2,342,058</u>	<u>3,496,502</u>

For measurement purposes, the annual rate of increase in the per capita cost of covered benefits (i.e., healthcare cost trend rate) was assumed to be 7% for 2013 and 2012.

The rate was assumed to stay at 7% for subsequent years through 2024 and then 6% by the year 2025 and remain at that level thereafter. The healthcare cost trend rate assumption has a significant effect on the amounts reported. For example, increasing the assumed healthcare cost trend rates by one percentage point in each year would increase the accumulated postretirement benefit obligation as of December 31, 2013 by approximately \$521,852, and the aggregate service and interest cost components of net periodic postretirement benefit cost for the years ended December 31, 2013 by approximately \$130,301. The weighted average discount rate used in determining the accumulated postretirement benefit obligation was 6% as of December 31, 2013.

Benefits to be paid under the plan over the next ten years are as follows:

2014	\$ 54,996
2015	56,779
2016	58,394
2017	59,822
2018	73,909
2019 – 2023	<u>448,128</u>
	<u>\$ 752,028</u>

### 13. FAIR VALUES MEASUREMENTS:

Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value as follows:

Level 1 – Valuations based on quoted price in active markets for identical assets or liabilities that the Diocese has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these items does not entail a significant degree of judgment.

Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

Fair value methods and assumptions on investments consisting of cash equivalents, common stocks, mutual funds and US Government securities are based on values in public exchange. Investments in agency bonds, corporate bonds, mortgage bonds, municipal bonds and hedge funds with regularly published net asset values that are not quoted on an exchange, but are traded in active markets are valued on Level 2 inputs using prices obtained from our custodian, which used third party data service providers. Investments in funds held in trust for others, investments in funds held for the benefit of others and gift annuities are valued on Level 3 inputs using prices of the underlying assets invested that are obtained from our custodians, which used third party data service providers, without adjustment.

The following tables present the assets and liabilities as of December 31, 2013 and 2012 that are measured at fair value on a recurring basis and are categorized using the fair value hierarchy.

**14. RESTATEMENT OF NET ASSETS:**

Unrestricted net assets at the beginning of 2012 have been restated to increase the liability for postretirement benefits due to an error in interpreting employees covered by the plan during 2011. The effect of the restatement was to increase the postretirement benefits accrued other than pensions and decrease unrestricted net assets at the beginning of 2012 by \$3,736,839.

The supplementary schedules have been included herein to provide information about funds which make up the combined statements of financial position. The assets, liabilities and net assets of the Diocese for internal record-keeping purposes are maintained in seven self-balancing fund groups, ECSF and Gabriel's Place as follows:

- DSO Funds include unrestricted, designated by Trustees of the Diocese, and restricted resources representing that portion of expendable funds available for the support of Diocesan operations.
- Church Foundation Funds include resources made available by the Trustees of the Church or ECSF related to property acquisition, maintenance and improvement, and funds previously expended for property.
- 412 Sycamore Funds include funds made available by Trustees of the Diocese for property acquisition and construction by congregations and Diocesan clergy.
- Endowments and Quasi-Endowment Funds represent funds that are subject to restrictions of gift instruments requiring that principal be invested and maintained in perpetuity with only the income and certain appreciation as limited by the donor or the law being available for expenditure. Quasi-endowment funds have been established by the Trustees of the Diocese for the same purposes as endowment funds and are included in this fund group; however, any portion of these funds may be expended.
- Bishop's Discretionary Funds are used for Clergy Professional Development grants and Clergy emergency assistance. These funds are also used for closed congregation assistance to maintain the property.
- The Faith-in-Life Funds were raised during the Diocesan Second Century Campaign. The interest earned on the endowment finances the Faith-in-Life Committee's activities which are reported in its Operating Fund.
- Procter Conference Funds are used only for the operation of the Diocesan Camp and Conference Center.
- ECSF is organized to support Episcopal Church congregations in Southern Ohio in their volunteer response to community needs for educational, poverty relief, trauma counseling, and other social services.
- Gabriel's Place is organized to provide a safe, beautiful and spiritually nourishing place for the Avondale Community.
