1. Introduction

As we search for a bishop, it's important to gather as much information from as many individuals as possible. What do YOU think we should seek in a bishop? The characteristics you identify as vital to leading our diocese will guide our discernment process.

All congregants and clergy within our diocese are invited to complete the survey.

Please do not discuss the questions with one another prior to completing the questionnaire, so that the responses you record are your own.

Please give your impression as it is now, even if you feel that your opinions are not well informed and could change by talking with others.

Use the "Don't Know" response only in those rare cases where you have no impression at all.

At the end of the survey, you will be given a chance to respond to questions about which you wish to comment.

You will need about 20 minutes to fill out the entire survey and to make comments. You cannot save your responses and return to the survey later, so please complete the survey in one sitting. Otherwise, you must start over from the beginning.

Thank you for your time, your thoughts, and your continued prayers.
