INDEPENDENT AUDITORS' REPORT

To the Bishop and Trustees
Diocese of Southern Ohio:

Report on the Financial Statements

We have audited the accompanying financial statements of Diocese of Southern Ohio (a not-for-profit organization) which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entities' preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entities' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Diocese of Southern Ohio as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. ORGANIZATION:

The Diocese of Southern Ohio (Diocese) is the Episcopal Church Headquarters for seventy-three congregations in Southern Ohio. The congregations' financial activities are not included in the accompanying financial statements.

ECSF was a foundation that supported Episcopal Church congregations in Southern Ohio in their volunteer response to community needs for educational, poverty relief, trauma counseling, and other social services. Effective January 3, 2020 ECSF was dissolved, and the assets were moved to the Diocese.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of presentation

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Diocese and changes therein are classified and reported as follows:

- *Net assets without donor restrictions:* Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Diocese. These net assets may be used at the discretion of the Diocese's management and the Board of Trustees.
- *Net asset with donor restrictions:* Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions that are likely to be met by the actions of the Diocese or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity and only the related investment income is without donor restriction.

Revenues are reported as increases in net assets without restrictions unless use of the related assets is limited by donor-imposed restrictions. Contributions in which the donor-imposed restrictions were met within the same period are recorded in net assets without restrictions. All expenses are reported as decreases in net assets without restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without restrictions unless their use is restricted by explicit donor stipulation or by law. Investment income in which the donor-imposed restrictions were met within the same period are recorded in net assets without restrictions.

Principles of combination

The 2019 financial statements are the result of the combination of the operations of the Episcopal Diocese of Southern Ohio (the Diocese) and ECSF. All intercompany transactions were eliminated upon combination.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities and alternative investments are valued at their fair values in the statements of financial position. Realized and unrealized appreciation (depreciation) on investments, along with interest, dividends and direct investment expenses are reported as net investment return on the statements of activities.

Property and equipment

Property and equipment are stated at cost as of the date of acquisition or fair value as of the date of donation in the case of gifts. The Diocese maintains a capitalization threshold of \$5,000. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis. Estimated useful lives are as follows:

Buildings	20 - 31.5 years
Building and leasehold improvements	15 years
Equipment, furniture and fixtures	3 - 10 years

Use of estimates

Management of the Diocese has made estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities, as well as the reported amounts of revenues and expenses, to prepare these financial statements in conformity with generally accepted accounting principles. Actual results could differ from those estimates.

Cash equivalents

Cash equivalents consist primarily of investments in money market funds. At times, cash and money market balances may be in excess of the insurance coverage provided by the Federal Deposit Insurance Corporation. The Diocese has not experienced any losses in such accounts. The Diocese believes it is not exposed to any significant credit risk on cash and cash equivalents.

Receivables and allowance for doubtful accounts

The Diocese carries its accounts receivable and notes receivable at the amount expected to be collected less an allowance for doubtful accounts. Included in notes receivable are mortgages on churches due from the church congregations. On a periodic basis, the Diocese evaluates its accounts receivable and notes receivable and establishes an allowance for doubtful accounts, based on a history of past write-offs and collections and current credit conditions. An allowance for loan losses of \$1,056,169 and \$1,074,342 existed at December 31, 2020 and 2019, respectively. The Diocese has established an allowance for doubtful accounts receivable of \$25,352 and \$133,188 at December 31, 2020 and 2019, respectively.

Functional expense allocations

The financial statements report certain categories of expenses that are attributable to one or more programs or supporting functions of the Diocese. Expenses are directly applied when applicable and are allocated to programs or support services based on the table shown below. The costs of providing program and other activities have been summarized on a functional basis in the statements of activities. Such allocations are determined by management on an equitable basis. Allocated expenses include the following:

Expense	Allocation Method
Payroll, taxes and benefits	Time and effort
Professional fees	Time and effort
Office expenses	Full time equivalents
Maintenance	Full time equivalents
Information technology	Full time equivalents
Occupancy	Full time equivalents
Depreciation	Square footage
Insurance	Full time equivalents
Other	Full time equivalents

Income taxes

The Episcopal Diocese of Southern Ohio is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code (Code) as charitable organizations. The Diocese is not required to file returns with the IRS under a religious exemption.

FASB has issued guidance which clarifies generally accepted accounting principles for recognition, measurement, presentation and disclosure relating to uncertain tax positions. This guidance clarifies the accounting and recognition for income tax positions taken or expected to be taken in the Diocese's income tax returns. While the Diocese is not required to file an annual information return due to its religious origins it is subject to tax on any unrelated business income. The Diocese has determined that no liability for unrelated business income tax exists as of December 31, 2020 and 2019. The Diocese's policy with regards to interest and penalties is to recognize interest through interest expense and penalties through other expense. In evaluating the Diocese's tax provision and tax-exempt status, interpretations and tax planning strategies were considered. The Diocese believes its estimates are appropriate based on the current facts and circumstances.

Subsequent events

The Diocese evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through April 22, 2021, the date on which the financial statements were available to be issued.

Reclassifications

Certain items in the 2019 consolidated financial statements have been reclassified to conform to the current year presentation.

3. NOTES RECEIVABLE:

Notes receivable, secured by mortgages, and other notes receivable are comprised of the following as of December 31:

	<u>2020</u>	<u>2019</u>
Clergy	\$ 373,442	390,071
Congregations	<u>2,109,681</u>	<u>2,532,210</u>
	2,483,123	2,922,281
Other notes receivable	1,027,705	1,032,554
Allowance for loan losses	<u>(1,056,169)</u>	<u>(1,074,342)</u>
Total notes receivable	\$ <u>2,454,659</u>	<u>2,880,493</u>

The interest rates on the notes receivable range from 0.0% to 5.0%. Based on current market rates, the carrying value of notes receivable approximate fair value.

Activity in the allowance for loan losses is as follows for the years ended December 31:

	<u>2020</u>	<u>2019</u>
Balance at beginning of year	\$ 1,074,342	1,068,605
Additions	-	5,737
Recovery of loan losses	<u>(18,173)</u>	<u>-</u>
Balance at end of year	\$ <u>1,056,169</u>	<u>1,074,342</u>

4. INVESTMENTS:

Investments are held for the benefit of the Diocese at fair value as follows at December 31:

	<u>2020</u>	<u>2019</u>
Cash equivalents	\$ 3,661,693	2,919,232
Common stocks	62,736,303	56,515,761
United States government and agency securities	5,534,056	6,754,843
Proportionate share of assets in:		
Consolidated I fund	9,973,629	9,381,873
Consolidated G fund	20,510,678	18,889,026
Corporate bonds	14,770,198	13,772,316
Mutual funds	<u>21,672,702</u>	<u>18,285,045</u>
	\$ <u>138,859,259</u>	<u>126,518,096</u>

The investments noted above are summarized on the statements of financial position as follows at December 31:

	<u>2020</u>	<u>2019</u>
Investments	\$ 110,931,149	100,951,229
Investment funds held in trust for others	27,836,038	25,475,397
Investment funds held for the benefit of others	92,072	85,436
Investment – gift annuity	<u> -</u>	<u> 6,034</u>
	<u>\$ 138,859,259</u>	<u>126,518,096</u>

The Consolidated Income (I) and Consolidated Growth (G) funds are assets maintained on deposit in a bank’s pooled funds. These funds consist primarily of United States government and agency securities (I fund) and common stocks of major corporations (G fund), and are being administered as open-end investment trusts. The Diocese has included its proportionate share of the assets based upon current fair values. See Note 13 for fair value disclosures.

5. GIFT ANNUITY:

ECSF was the recipient of a split-interest gift annuity consisting of common stocks with fair value of \$6,034 at December 31, 2019. This balance was received in 2020 and transferred to ECM investments upon the death of the donor. The agreement for this annuity (dated December 20, 1999), provided for the irrevocable transfer of this gift to ECSF in exchange for the payment to the donors of an annuity at a rate of 7.1% or an annual sum of \$10,650. Upon death of the donors, which occurred in October 2019, the Trustee surrendered the funds and distributed a payment of such proceeds as follows: 75% is retained by ECSF and 25% to St. Timothy’s Episcopal Church, Anderson Township.

6. PROPERTY AND EQUIPMENT:

Property and equipment consist of the following as of December 31:

	<u>2020</u>	<u>2019</u>
Congregation properties	\$ 1,577,815	1,505,798
Camp and conference center	8,065,849	7,809,541
Diocesan office	1,455,773	1,455,773

Other properties	898,612	890,968
Furniture and equipment	<u> 75,888</u>	<u> 82,951</u>
	12,474,459	12,145,533
Less accumulated depreciation	<u> 7,673,341</u>	<u> 7,325,368</u>
	<u>\$ 4,801,118</u>	<u>4,820,185</u>

7. NOTE PAYABLE - BANK:

During 2018, the Diocese executed a note payable with a bank in the amount of \$337,000 with a fixed interest rate of 5.05% per year. The note calls for principal and interest payments of \$3,610 per month and the final payment due at maturity in June 2028. At December 31, 2020 and 2019, the amount outstanding under this note payable was \$266,339 and \$295,209, respectively.

Aggregate maturities of the note payable for the years subsequent to December 31, 2020, are as follows:

2021		\$ 30,527
2022		32,105
2023		33,764
2024		35,509
2025		37,344
Thereafter		<u>67,090</u>
		<u>\$ 266,339</u>

8. NET ASSETS WITH DONOR RESTRICTIONS:

Net assets with donor restrictions are restricted for the following purposes at December 31:

	<u>2020</u>	<u>2019</u>
Subject to expenditure for a specific purpose:		
Purpose restrictions	\$ <u>255,554</u>	<u>279,220</u>
Subject to spending policy and appropriation:		
Unappropriated endowment	1,322,325	1,406,054
Endowment held in perpetuity	<u>34,378,765</u>	<u>34,378,765</u>
Donor - restricted endowment	<u>35,701,090</u>	<u>35,784,819</u>
Other funds restricted by donor in perpetuity:		
Trust funds held by others	758,317	758,317
Loan funds	<u>628,684</u>	<u>628,684</u>
Funds restricted in perpetuity	<u>1,387,001</u>	<u>1,387,001</u>
Total net assets with donor restrictions:	<u>\$ 37,343,645</u>	<u>37,451,040</u>

Net assets released from donor restrictions during 2020 and 2019 were \$206,980 and \$251,719, respectively.

9. ENDOWMENT AND QUASI-ENDOWMENT FUNDS:

Generally accepted accounting principles (GAAP) require that the net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments (quasi-endowments), are classified and reported based on the existence or absence of donor-imposed

restrictions. The Diocese’s endowment and quasi-endowment funds were established to provide income to operations and are both donor-restricted (endowment) and board-designated.

The Diocese has interpreted the State of Ohio Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Diocese classifies as net assets with donor restrictions (a) the original value of gifts donated to the endowment in perpetuity, (b) the original value of subsequent gifts to the endowment in perpetuity, (c) accumulations to the endowment in perpetuity made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in endowment in perpetuity is classified as unappropriated endowment assets until those amounts are appropriated for expenditure by the Diocese in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Diocese considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Diocese and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Diocese
7. The investment policies of the Diocese

The Diocese classifies the unappropriated portion of the donor-restricted endowment fund that is not classified in endowment in perpetuity as without donor restrictions when donor stipulations have been satisfied through expenditures from other Diocesan resources.

Endowment and quasi-endowments fund net asset composition by type of fund is as follows at December 31, 2020:

Return objectives and risk parameters

The Diocese has adopted investment and spending policies for endowment assets that attempt to provide long-term portfolio growth and the desired annual payout as specified in the applicable spending policy. Under this policy as approved by the Board of Trustees, the endowment assets are invested as follows:

Equity	60% to 80%
Fixed income	20% to 40%
Alternatives	0% to 5%
Cash equivalents	0% to 10%

The performance objectives will be measured against appropriate industry benchmarks such as the MSCI ACWI Index for equities, the Bloomberg US Aggregate Bond Index for its fixed income and HFRI Fund of Funds Index for its alternative endowment investments.

Strategies employed for achieving objectives

To satisfy its long-term rate-of-return objectives, the Diocese relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Diocese targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending policy and how the investment objectives relate to spending policy

The Diocese has a policy of appropriating for distribution up to 5.00% of its endowment funds' average fair value over the prior 12 quarters through the December 31 fiscal year in which the distribution is planned. In establishing this policy, the Diocese considered the long-term expected return on its endowment. Accordingly, this spending policy should, over time, protect the inflation-adjusted value of the endowment and, consequently, allow inflation-adjusted spending to occur into the distant future. This is consistent with the Diocese's objective to maintain the purchasing power of the endowment in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

10. CONTRIBUTIONS PAYABLE:

The Diocese has made unconditional promises to give to various charitable organizations with terms payable from one to eight years. These unconditional promises to give have been recorded at their net present value using a discount rate of 2.61%. The following summarizes these unconditional promises to give at December 31:

	<u>2020</u>	<u>2019</u>
Amounts due in:		
Less than one year	\$ 577,476	680,500

Contributions payable, net	<u>\$ 867,389</u>	<u>1,270,614</u>

11. EMPLOYEE BENEFIT PLANS:

The Diocese contributed \$275,924 and \$303,673 during the years ended December 31, 2020 and 2019, respectively, to multi-employer defined benefit plans. All clergy and lay employees of the Diocese are covered by multi-employer defined benefit plans. These plans are not administered by the Diocese. The plans are provided as part of the Church Pension Group. These plans require Diocese contributions equal to 18% of cash compensation for clergy and 9% of cash compensation for lay employees. During 2011, the plans were amended to include supplemental health insurance options for certain retired personnel. The Diocese may be liable, in the event of plan terminations or its withdrawal from the plans, for a portion of the plans' unfunded vested benefits. Currently there is no unfunded withdrawal liability nor does the Diocese have any present intentions to withdraw from the plans.

Information on the Diocese specific plans is detailed below:

<u>Fund name</u>	<u>Clergy Pension Plan</u>	<u>Episcopal Church Lay Employees' Retirement Plan</u>

The pension protection act certified zone status was not available for the plans. The following table represents the plan assets, accumulated benefit obligations and funded status as of March 31, 2020 (the most recent information available):

<u>March 31, 2020 (in thousands)</u>	<u>Clergy Pension Plan</u>	<u>Episcopal Church Lay Employees' Retirement Plan</u>

12. POSTRETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS:

The Diocese provides certain health care and life insurance benefits for retired lay employees based on the number of years of service rendered. Lay employees will become eligible for those benefits if they reach retirement while employed in or by the Diocese. The Diocese funds these benefits on a current basis which totaled \$78,425 and \$76,152 in 2020 and 2019, respectively.

Postretirement benefit expense was \$224,453 and \$109,206 in 2020 and 2019, respectively. The components of this expense were:

	<u>2020</u>	<u>2019</u>
Service cost of benefits earned	\$ 341,618	280,897
Interest cost on liability	158,052	138,540
Net amortization and deferral of actuarial gain	<u>(275,217)</u>	<u>(310,231)</u>
 Net periodic postretirement expense	 \$ <u>224,453</u>	 <u>109,206</u>

The accumulated postretirement benefit obligation is as follows at December 31:

	<u>2020</u>	<u>2019</u>
Retirees	\$ 805,380	896,749
Fully eligible active plan participants	948,452	959,748
Ineligible active plan participants	<u>1,409,318</u>	<u>1,690,993</u>
 Postretirement benefits accrued other than pensions	 \$ <u>3,163,150</u>	 <u>3,547,490</u>

For measurement purposes, the annual rate of increase in the per capita cost of covered benefits (i.e., healthcare cost trend rate) was assumed to be 7% for 2020 and 2019.

The rate was assumed to stay at 7% for subsequent years through 2024 and then 6% by the year 2025 and remain at that level thereafter. The healthcare cost trend rate assumption has a significant effect on the amounts reported. For example, increasing the assumed healthcare cost trend rates by one percentage point in each year would increase the accumulated postretirement benefit obligation as of December 31, 2020, by approximately \$606,806, and the aggregate service and interest cost components of net periodic postretirement benefit cost for the years ended December 31, 2020 by approximately \$140,505. The weighted average discount rate used in determining the accumulated postretirement benefit obligation was 4.5% as of December 31, 2020.

Benefits to be paid under the plan over the next ten years are as follows:

2021	\$ 68,544
2022	72,786
2023	85,630
2024	85,640
2025	92,305
2026 – 2030	<u>676,884</u>
	 \$ <u>1,081,789</u>

Because the assumptions used in the accounting for the defined benefit plan are significant estimates, it is at least reasonably possible the amounts may change in the future, and these changes could be

significant. Because of the under-funded status of the plan, a change in the assumed discount rate can have a significant impact on the resulting liability recorded on the financial statements.

13. FAIR VALUES MEASUREMENTS:

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value as follows:

Level 1 – Valuations based on quoted price in active markets for identical assets or liabilities that the Diocese has the ability to access. Valuation adjustments are not applied for Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these items does not entail a significant degree of judgment.

Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

Fair value methods and assumptions on investments consisting of cash equivalents, common stocks, mutual funds and US Government securities are based on values in public exchange or Level 1 inputs. Investments in agency bonds, corporate bonds, mortgage bonds, and municipal bonds that are not quoted on an exchange, but are traded in active markets are valued on Level 2 inputs using prices obtained from our custodian, which used third party data service providers. Investments in funds held in trust for others, investments in funds held for the benefit of others and gift annuities are valued on Level 3 inputs using prices of the underlying assets invested that are obtained from our custodians, which used third party data service providers, without adjustment.

GAAP allows for the use of a practical expedient for the estimation of the fair value of investments in investment companies for which the investment does not have a readily determinable fair value. The practical expedient used by the Diocese to value alternative investments is the net asset value (NAV) per share, or its equivalent. Because some of these investments are not readily marketable, their estimated value is subject to uncertainty and therefore may be different from the value that would have been used had a ready market for such investments existed. The net asset values provided by fund administrators consider variables such as the financial performance of underlying investments, recent sales prices of underlying investments and other pertinent information. In addition, actual market exchanges at year-end provide additional observable market inputs of the exit price. The Diocese, relying on the work of its investment consultants, reviews valuations and assumptions provided by fund administrators for

reasonableness and believes that the carrying amounts of these financial instruments are reasonable estimates of fair value.

The Diocese has a total of seven private equity investments. Three of these investments allow for redemption on a quarterly basis with prior written notice between 65-100 days, one investment allows for redemption on a monthly basis with prior written notice of 60 days and one investment allows for redemption on an annual basis with prior written notice of 35 days. The other two investments do not allow for redemption. There were no unfunded commitments as of December 31, 2020 and 2019.

14. PAYCHECK PROTECTION PROGRAM:

On April 20, 2020, the Diocese entered into two loans totaling \$535,100 under the Small Business Administration’s Paycheck Protection Program (PPP). The PPP allows for a portion of the loan (up to the full amount) to be forgiven based on qualifying expenses. Repayments of unforgiven principal and interest at 1% begins in the tenth month following the date of the note in equal installments until maturity in April 2022. The Diocese consider the loans a conditional contribution in accordance with ASU 2018-08, *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*, which encompasses conditional cancellation of liabilities. During 2020, the Diocese incurred qualifying expenses and has recognized the full amounts in gifts/principal additions on the statement of activities. The Diocese has not applied for forgiveness as of the date of issuance.

15. LIQUIDITY DISCLOSURES:

The Diocese is substantially supported by congregation assessments and investment income. As part of the Diocese’s liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Diocese invests cash in excess of daily requirements in investments as deemed appropriate.

The following table presents the financial assets available to meet cash needs for general expenditures within one year at December 31:

16. RISKS AND UNCERTAINTIES:

An outbreak of a novel strain of coronavirus (“COVID-19”) has disrupted supply chains and affected production and sales across a range of industries. The extent of the impact of COVID-19 on the Diocese’s operational and financial performance will depend on certain developments, including the duration and spread of the outbreak. Impact on the Diocese’s employees and vendors cannot be predicted, and the extent to which COVID-19 may impact the Diocese’s financial condition or results of operations is uncertain at this time.

See accompanying notes to the schedule.

The supplementary schedules have been included herein to provide information about funds which make up the statements of financial position. The assets, liabilities and net assets of the Diocese for internal record-keeping purposes are maintained in nine self-balancing fund groups as follows:

- DSO Funds include net assets without donor restrictions, designated by Trustees of the Diocese, and restricted resources representing that portion of expendable funds available for the support of Diocesan operations.
- Church Foundation Funds include resources made available by the Trustees of the Church related to property acquisition, maintenance and improvement, and funds previously expended for property.
- 412 Sycamore Funds include funds made available by Trustees of the Diocese for property acquisition and construction by congregations and Diocesan clergy.
- Church Plants Funds include amounts that will be used when fledging parishes – currently IEES and New Hope – become stand-alones, hopefully within the next five years. DSO has separated their accounting to reflect future parishes that will have their own history of operations.
- Endowments and Quasi-Endowment Funds represent funds that are subject to restrictions of gift instruments requiring that principal be invested and maintained in perpetuity with only the income and certain appreciation as limited by the donor or the law being available for expenditure. Quasi-endowment funds have been established by the Trustees of the Diocese for the same purposes as endowment funds and are included in this fund group; however, any portion of these funds may be expended.
- Bishop's Discretionary Funds are used for Clergy Professional Development grants and Clergy emergency assistance. These funds are also used for closed congregation assistance to maintain the property.
- The Faith-in-Life Funds were raised during the Diocesan Second Century Campaign. The interest earned on the endowment finances the Faith-in-Life Committee's activities which are reported in its Operating Fund.
- Procter Conference Center Funds are used only for the operation of the Diocesan Camp and Conference Center.
- ECSF was organized to support Episcopal Church congregations in Southern Ohio in their volunteer response to community needs for educational, poverty relief, trauma counseling, and other social services. Following a time of discernment, the ECSF Board has decided to continue the important mission and ministry of ECSF without the burden of operating as a separate foundation. As a result ECSF was dissolved on January 3, 2020. Beginning January 1, 2020, organizational and administrative services shifted from a stand-alone foundation to a committee supported by the diocesan office of the Bishop. ECM was organized on January 1, 2020 to support the Episcopal Community Ministries in their volunteer response to community needs for educational, poverty relief, trauma counseling, and other social services.
